KT1154 Steel Frame Dishrack
Fingerprint-Proof Stainless Steel

Our steel frame dishrack has a solid stainless steel frame that matches the aesthetic of modern upscale kitchen appliances. It has a swivel spout that pivots so you can drain water directly into the sink, and an anti-residue hydrophilic coating that prevents residue buildup and water spots. The wine glass holder hangs up to 4 wine glasses — even those extra-large Bordeaux glasses. A fingerprint-proof coating helps protect against smudges. And a large utensil holder with separate compartments keeps utensils neat and organized.

5year warranty

KT1190 Steel Frame Dishrack
Fingerprint-Proof Stainless Steel white

Solid stainless steel frame matches the aesthetic of modern upscale kitchen appliances. Its swivel spout rotates 360 degrees in any direction so it drains water directly into the sink — no matter how you place the dishrack on your countertop — and can be removed for easy cleaning. An anti-residue coating prevents residue buildup and water spots. Silicone-capped wire rack holds dishes tightly without scratching or chipping, and the wine glass holder hangs up to 4 wine glasses — even those extra-large Bordeaux glasses. A lower profile with anti-slip rubber feet gives the dishrack greater stability and keep it firmly in place. Fingerprint-proof coating helps protect against smudges and keeps it looking like new.

Stainless Steel**

Our slim wire frame dishrack has a narrow profile that makes the most of your limited countertop space. Its integrated drip tray with a removable stainless steel spout drains water directly into the sink, not onto your countertop. The detachable cup holder can be placed on any side. **d: 32.2cm w: 49.5cm h: 20.8cm**

**KT1130 Compact Wire Frame Dishrack
Stainless Steel**

Our compact wire frame dishrack is small enough to fit perfectly in most standard sinks, completely freeing up counterspace, but still has the capacity to handle full-size plates. For countertop use, it has an integrated drip tray with a removable stainless steel spout that drains water directly into the sink. **d: 32.8cm w: 36.8cm h: 18.0cm**

**BT1101 Adjustable Shower Caddy
Stainless Steel + Anodized Aluminum**

Organize shower clutter with our over door shower caddy. Installation is easy -just hook the adjustable hanger over the shower door and it automatically tightens for a secure grip. It has fully adjustable shelves that are easy to reposition with quick-adjust dials. An innovative divider and accessory hooks are designed to hold bulky modern tools like facial cleansing brushes and oversized razors. The quick-dry soap dish drains water completely so soap stays dry and lasts longer. Constructed from stainless steel and anodized aluminum so it is rust-proof and easy to clean.

KT1183 295ml Pulse Pump
Brushed Stainless Steel

Our stainless steel pulse pump is engineered from the inside out. Its innovative design includes a large pump tube that allows for greater soap or sanitizer flow – no matter how thick – with far less effort. Ball bearings located at the top and bottom of the pump keep air from entering, which prevents soap from dripping, leaking or drying out. Just a light touch on the spout provides a generous portion of soap – and it’s designed to last more than 150,000 pumps – that’s over 15 pumps a day for 27 years. A wide funnel opening makes refills quick, easy and mess-free.
