small bin, big attitude

Our small bins are built with the same attention to detail as the larger models — with durable steel bodies, removable inner buckets, and strong steel pedals.

One size does not fit all! Our liners are designed to fit each of our bins perfectly so there is no messy bag overhang or bunching — and they never slip. Extra-thick plastic and double-seam construction prevent rips and tears. Strong drawstring handles make the liners easy to lift, tie, and carry. Refill packs dispense liners one at a time — no perforations or unravelling — and are designed to fit perfectly inside bins with our built-in liner pocket system.
